

St. Paul's United Church

July 20th, 2014

*The people of St. Paul's United Church welcome you.
May there be a blessing for you in this house today.*

Prelude Prelude on "Beach Spring" Paxton

Greeting May the grace of our Lord Jesus Christ be with you,
and also with you.

Lighting of the Christ Candle

Introit Let Us Build a House Together MV 1 (Vs 1)
Let us build a house where love can dwell
and all can safely live,
a place where saints and children tell
how hearts learn to forgive.
Built of hopes and dreams and visions,
rock of faith and vault of grace;
here the love of Christ shall end divisions;
all are welcome, all are welcome,
all are welcome in this place.

Hymn Come, Children Join to Sing VU 345

Call to Worship (Responsive)

God of each human family,
bless this church family, gathered in the name of Jesus.
God of each human family,
**inspire this church family, gathered to praise your name,
O God.**
God of each human family,
**challenge this church family, gathered to live by the
Living Word.**
God of each human family,

The Beavers, Cubs, parents and leaders appreciate your contributions throughout the past year. The money we received assisted with our camp expenses at Greer G Creek, April 30, May 1-2. There are marked containers in the kitchen, back stairway from the main floor and in the basement by the telephone. Large bags may be left inside the Charlotte Street entrance. Please mark dark bags "for Beavers and Cubs". Thank You - Helen Craig

Sanctuary Sound System Update

We previously informed you that the Sanctuary sound system was inspected by two companies and was found to be in good working order. There is now a new microphone on the pulpit that has a flexible gooseneck and is very easy to adjust. Anyone speaking from the pulpit is encouraged to adjust it as necessary and speak directly into it. The ideal distance is 6 inches.

Anyone who has hearing trouble should be aware that the Sanctuary sound system has an induction loop which can be picked up by a hearing aid that is equipped with a telecoil. There can be either a "T" position on the hearing aid switch, or the hearing aid can be programmed to enable the telecoil. The loop operates whenever the sound system operates. Not all hearing aids have a telecoil and if there is any doubt the supplier should be contacted to determine whether there is a telecoil and if it is enabled.

There are also various wireless hearing assistance devices that can receive the same induction loop signal using portable earphones. These devices are being evaluated now and more information will be provided when the evaluation is complete. If you are making a presentation during a Church service either from the pulpit or the floor it is important to use the microphones. It is our aim that everyone is able to hear the Church service clearly.

encourage this gathered church family to be good to each other, and to be movers and shakers in this neighbourhood
God of each human family,
give a broad vision to this church family, gathered to serve the downtrodden of the world.
